

ERIC KAYSER  
ARTISAN BOULANGER  
PARIS

# B2B Catalogue 2020 Singapore

Maison Kayser was started in Paris in 1996  
By renowned baker Eric Kayser with the vision  
Of bringing authentic artisanal bread and  
Pastries to homes around the world.

All our bread is prepared, kneaded by hand and  
Baked in-house in Singapore under  
The careful supervision of our culinary director.

## OUR SECRET INGREDIENT

We believe that good bread consists of five ingredients : flour, water, salt, levain and **a lot of passion**. Our bakers know that the key to producing bread of exceptional quality is to respect the long fermentation period.

The proprietary **natural levain** we use in our breads is kept at an optimal temperature and is designed to allow for flavour to develop fully, with a subtle hint of milk and hazelnuts.

All our products are made using superior ingredients sourced globally, and only the best bakes pass our quality inspection and are displayed on our shelves for customers.
